**TORONTO – June 17, 2019** – With over three decades of experience helping homeowners, condo dwellers and renters restructure, reorganize and restyle their spaces, the 2019 Toronto Fall Home Show is set to once again bring the best experts, influencers and designers to the GTA. Whether you're looking to do a small living room redesign, a big kitchen renovation or convert your laneway into a livable space – Toronto's Enercare Centre is the place to be between October 4 – 6, 2019.

"Over 20,000 consumers and over 300 exhibitors attend the Toronto Fall Home Show each year," says Show Director Denise Hayward. "It is a fantastic opportunity for those looking to revamp their space before winter hits. From large projects to DIY tasks, our guest experts and onsite experiences will inspire new project ideas and help make sure you are on the right path to transforming your house or condo."

The 2019 Toronto Fall Home Show is a source for consumers to connect with the right people and find the right solutions for their living space (even ones to help you get rid of ghosts).

**Here's a sneak peek at what else will be featured:**

**Bad reno? Or just a ghost?**

For the first year ever, we're bringing our very own paranormal activity expert, so you can figure out if the creaks in your floorboards are just your pipes ... or if they're ghosts. Take a Ghost Walk through the haunted Horse Palace, or chat with paranormal investigator Glenn Laycock for tips on what to do if you have an unwanted resident in your home from beyond.

### **Tiny Village**

With rising real estate prices, there's a tiny movement happening in Toronto. Small space living is becoming more of a reality for most people with an increase in small condos, laneway homes and container homes. But that doesn't mean you have sacrifice style. Our Tiny Village brings together the best of small space design, with units from True North Tiny Home, Modern Box Design and Eva Lanes.

### **Designer Pumpkin Patch**

This Fall, ditch your plastic Halloween décor for chic and stylish pumpkins to truly stand out on your block. Come see our exquisite Designer Pumpkins at this year's show presented by Nicholas Rosaci. You'll be able to photograph them for inspiration, make one yourself or purchase them, with all proceeds going to the SickKids Foundation.

### **Project Jump Starter**

Presented by RenoMark™, this show feature will give you a one-on-one professional consultation, guiding you on where to start with your renovation and give you all the tools you need for success. Bring your pictures and sketches to get the full experience.

### **Kitchen Stage**

The kitchen is the focal point of a home, and the 2019 Toronto Fall Home Show will be no different. Sit back and enjoy some of the city's top chefs cooking up a storm on our kitchen stage and check out our carefully selected expert speakers, including Ramsin Khachi, MariKondo Way expert Effy Nicopoulos and Chef Christopher Woods.

### Home Hardware Here's How Centre

If you're getting ready to tackle a project yourself and want to learn a few skills or just don't know where to start, stop by the Home Hardware Here's How Centre.
